

I have been working with Frank Canto of Canto Tile & Stone for many years. In addition to our high profile commercial projects such as the Tampa Museum of Art. Frank and his crews have done an incredible job installing Tile & Stone for the extensive remodeling of my South Tampa Residence over the last few years. I don't know of anyone more capable in the local Tile and Stone Contracting Industry and I can't imagine using anyone else especially for our home remodeling project. Frank's crews were courteous, professional and accommodating. We try to use Frank on most of our commercial projects as well.

*John Cammack, Executive Vice President, General Manager, Skanska USA.*

---

It is my pleasure to write this letter of reference regarding the excellent work and superior service provided by you and your firm. Having had the pleasure of working with you on multiple diverse Tile & Stone installations over many years I can truthfully say that you and your installers have proven to be the best in the Industry providing our clients excellent craftsmanship and quality on time performance while maintaining job site safety. I guess the best testament to Canto Tile & Stone is that I have used your firm exclusively for Tile and Marble work not only for my own home but my Mother's condo as well.
